

Non Profits

Non-profits operate on tight budgets that spare no room for non-essential tools—and mobile apps have historically been “non-essential” to them. But that’s changing. The easiest way to reach someone these days is by phone and mobile apps offer features that improve communication between non-profits and their donors and volunteers.

Features

-  Information
-  Video Integration
-  Push Notifications
-  Locations
-  News
-  Events
-  Social Connect
-  Mailing List
-  Accept Donations
